Federico Palou de comasema

Full-stack Developer

EDUCATION

Web Development, Le Wagon 2023

- Completed a 9-week, full-time coding bootcamp with a focus on:
 - HTML, CSS, Bootstrap, JavaScript ES6, SQL, git, GitHub, Heroku, and Ruby on Rails.
- Successfully designed, implemented, and deployed a production-ready clone of Airbnb.
- Collaborated within a team of five to develop and launch a web app prototype named Beatween in just two weeks, utilizing Ruby on Rails along with various tools and APIs.

Systems Engineering, Universidad del Norte - Colombia 2015- 2018

- Beca Orgullo Caribe - Scholarship due to high performance.
- Up until 5th semester.
- Developed a solid understanding of theoretical concepts in algorithmics, physics, and mathematics. Proficient in C++ and pseudo-code, I seamlessly translate theoretical knowledge into practical applications.

PROFESSIONAL EXPERIENCE

Baggage Handler 2022-2023

Frankfurt Airport | Frankfurt, Germany

- Proficient use of proprietary systems for efficient luggage handling.
- Executed physically demanding tasks with strict adherence to safety regulations and meticulous attention to detail.
- Demonstrated adaptability to varying work schedules, locations, and interactions in a dynamic and fast-paced airport environment.

Logistics Coordinator 2021

Lean Staffing Solutions | Barranquilla, Colombia

- Logistics coordinator in charge of truckloads in the USA, mainly transporting perishable goods.
- 100% English work environment.
- Great load volume, tracking and managing, from their creation until their completion.
- Extensive use of web apps, legacy systems, mail platforms and other communication tools, and their optimization for better performance.

Chef & Co-owner 2019-2021

La Turka | Barranquilla, Colombia

- Culinary artistry in diverse dish creations.
- Optimized production processes for efficient resource use.
- Precise financial oversight for cash flow and resources.
- Thrived in high-pressure environments, ensuring smooth operations.

PROJECTS

Beatween

- Web app to socialize through music, match and create consumable content together.
- Developed over 2 weeks with 5 members with RoR.
- Continued development is under consideration, with a focus on enhancing reactivity and expanding the user base.

Dimensional Haul

- A fictional place to publish, book and explore dimensions.
- Database management, integration of image APIs, and the deployment structure of Rails.
